

# SP 5200DN/5210DN

MAIN SPECIFICATIONS

## PRINTER

<b>Print speed:</b>	
SP 5200dn:	45 ppm
SP 5210dn:	50 ppm
<b>Warm-up time:</b>	
SP 5200dn:	20 sec or less
SP 5210dn:	29 sec or less
<b>First print speed:</b>	7.5 sec or less
<b>Duplex:</b>	Automatic
<b>Dimensions (WxDxH):</b>	411 x 435 x 400 mm
<b>Weight:</b>	less than 23 kg
<b>Power source:</b>	220-240 V, 50/60 Hz
<b>Power consumption:</b>	Max: 1400 W or less
<b>Energy saver:</b>	5 W or less

## CONTROLLER

<b>Processor:</b>	533 MHz
<b>Resolution:</b>	up to 1200 x 600 dpi
<b>Memory:</b>	
SP 5200dn:	256 MB (Std) / 768 MB (Max)
SP 5210dn:	768 MB (Std/Max)
<b>HDD:</b>	80 GB (Std for SP 5210dn)
<b>Printer language:</b>	PCL5e/6, PostScript 3, IPDS (Option)

## CONNECTIVITY

<b>Interface:</b>	Ethernet 10BASE-T/100BASE-TX, USB 2.0
<b>Network protocol:</b>	TCP/IP (IPv4, IPv6), Apple Talk, Bonjour, IPX/SPX (requires Netware option)
<b>Supported environments:</b>	Windows XP Windows Vista Windows Server 2003 Windows Server 2008 Windows 7 Mac OS (v10.2 or later) Novell Netware (v6.5 or later) (Option) Unix SAP R/3 (3.x or later)

## PAPER HANDLING

<b>Paper input capacity (80 gsm):</b>	
Std:	550 sheets
Bypass:	100 sheets
Max:	2850 sheets
<b>Paper output capacity:</b>	up to 500 sheets
<b>Paper size:</b>	A4 - A6
<b>Paper weight:</b>	
Std/Opt:	52 - 220 gsm
Bypass:	52 - 220 gsm
Duplex:	60 - 163 gsm

## OTHER OPTIONS

HDD 80 GB (Std on SP 5210dn)
550 sheet paper tray <sup>1</sup>
550 sheet paper tray with casters <sup>1</sup>
IPDS option
Netware print option
IEEE 802.11a/g interface unit
Gigabit Ethernet Board
IEEE 1284 Interface Unit
256 MB/512 MB memory option (Std on SP 5210dn)
VM Card (Std on SP 5210dn)

## High performance and feature packed

The SP 5200DN and 5210DN are speedy devices that print at continuous speeds of 45 and 50 pages per minute (ppm) respectively. With a very low Total Cost of Ownership (TCO), these desktop devices are the affordable black and white printer that small offices and workgroups will quickly find indispensable. While they provide high quality print results, their low power consumption and efficient duplex printing capability contribute to a low ecological footprint.

### Printer features – at a glance

- 1** These mono devices have a resolution of 1200 x 600 dpi which delivers quality black and white prints
- 2** Fast printing up to 45 ppm on the SP 5200DN and 50 ppm on the SP 5210DN – these devices quickly handle even the most demanding jobs
- 3** These devices are Energy Star compliant and include double-sided (duplex) printing as standard
- 4** With their low running costs, these devices are a valuable addition to any small office or workgroup
- 5** Security features such as an 80 GB hard disk drive (HDD) and Data Overwrite Security and Encryption, ensures your data remains safe
- 6** The SP 5200DN/5210DN manage all print jobs with efficiency and speed. With the first-page-out time being a mere 7.5 seconds after warmup, these devices won't keep you waiting

### Protect confidential data\*

The Locked Print feature prevents hard copies from printing until a PIN is entered. Device use can also be restricted to approved groups or individuals.

\*Standard on the SP 5210DN, optional Hard Disk Drive required for SP 5200DN

### Create space and reduce effort

These devices can expand from a desktop to a high-capacity floor standing model to maximise valuable workspace in a small office. Set-up and operation are simple and straightforward. The devices automatically detect paper size and handle paper weights from 52 gsm up to 220 gsm. The bright 4-line LCD panel clearly display information, including toner status, for ease of use.

### Make the best connections

Both devices provide easy connection to your network with simple, time-saving driver installation. Full @Remote compatibility provides real-time remote support for performance monitoring and diagnosis management to boost efficiency. While our optional genuine IPDS™ module streamlines your print workflow for smooth document handling and low management costs.

### Boost your productivity

The fast CPU ensures the SP 5200DN/5210DN sprint into action: 7.5 seconds to first-page print out after warm up and print at continuous speeds of 45 and 50 ppm respectively. Easy paper handling saves time and helps make office life easier. With a 550-sheet input tray and a 100-sheet bypass tray as standard, these models also have the option to add on an additional four 550-sheet trays – meaning they can expand up to a maximum of a 2850-sheet input.

### Protect the environment

Sustainability is a strong part of our heritage, touching every part of our company, from manufacturing to distribution, business sites to recycling. Maximising efficiency is a firm commitment, and the SP 5200DN/5210DN are Energy Star compliant. Duplex printing, all-in-one toners and low power consumption also help to save energy and expense.
